LMN Tree and Hedge Care

QUOTATION

TO Maria : Newton Flotman Parish, Kings Green, Newton Flotman

DATE 17-7-2023

Description	£	p
<p>Here is a breakdown of the work required and the costing to complete the work at your property.</p> <ul style="list-style-type: none"> • Based on the Tree report completed August 2022, 2 Trees have the timescales for completion within 36 months based on the advice given. This is what work has been discussed recently and requested to quote for. • T2 – Large Oak requires deadwooding & cleaning. The crown requires a raise to approx 2.5m for future mower access. • T4 – Large Oak requires deadwooding & cleaning as large visible deadwood has been viewed and pointed out to parish council members. The crown requires a raise to approx 2.5m for future mower access. • As discussed the timescale of 36 months seemed excessive for the amount of visible deadwood already evident, perhaps an indicator of potential decline in vigour and health. <p>All work can be completed by 2 trained and qualified individuals, myself being 1 of them. We would arrive with all the relevant tools, fuels, equipment and machinery to complete the work safely and efficiently. We would have a truck and chipper to process all the brush (green waste) and remove all chip and logwood from site unless otherwise stated Waste removal fees are included in the quote stated below. Price inclusive of VAT</p>
