What went well at the event?	
<p>School - The pupils at Newton Flotman Primary Academy were learning about the coronation of King Charles III last week. At the end of the day parents/carers and members of the community, came in to school to view some of the wonderful work the children had produced. There was also an opportunity for a slice of cake and a drink, thanks to a kind donation from Newton Flotman Parish Council. The event was well-attended and the work and refreshments were a big hit.</p> <p>On Sunday 7 May 2023, Newton Flotman Village Centre organised a "Coronation Picnic" for our Village and, despite an initially unfavourable weather forecast, the weather was kind to us and we welcomed 50+ villagers to join us for a picnic lunch. The Social Club opened the bar and ice creams were on sale from the tricycle of a local supplier, Tilia Market Garden in Tasburgh. The grant money was used to purchase decorations, bunting, mainly, for the Hall and the outside space in order to provide a suitably appropriate atmosphere for the event. Comments from those who attended were universally positive and complementary.</p>	
What issues did you face? How did you overcome these?	
What would you change if you were to do the event again?	
Did you have any feedback on how the event went?	
How did you use the coronation grant funding allocated to you?
