14 November 2017

Dear Mrs King

I am writing on behalf of Borderhoppa Community Transport.

As you may know Borderhoppa provides a vital transport service enabling the elderly, rurally isolated and those with impaired mobility to carry out important tasks such as shopping, attend medical appointments, participate in social events and to visit friends and family. This is assisted through the funding we receive from South Norfolk and Norfolk County Councils and Bullock Fair Charity Shop, Harleston.

We also receive small donations from a few parish councils each year and we would be very grateful if your parish council would also consider making a donation in your next round of budget setting.

We strive to support as many passengers in south Norfolk and north Suffolk as we can each year and our aim is to continue to provide a service that many of our passengers say they would be lost without.

Yours sincerely

A handwritten signature in black ink, appearing to read 'T. Clarke', is written over a horizontal line.

Tom Clarke
